Dear Friends and Students of the Dharma,

Tashi Delek and thank you for your past generous support.

A new season begins and as you can see we have many opportunities to come together and practice as a community at the Temple. Most of us are aware and remember that this particular place of Buddhist practice came about due to the blessings and hard work of our kind teacher and founder of the Temple, Geshe Khenrab Gajam. Now we are privileged to have residing with us, the equally noble and kind Teacher, Geshe Tsultrim. If the benefits of having the Temple seem valuable to you, please consider continuing or beginning to give a monthly donation that will ensure that it remains as a place of Buddha's teachings and available to all.

May our contributions become virtuous acts benefitting ourselves and all sentient beings.
